

Wyatt's Supermarket

Falmouth, KY

We would like to welcome Wyatt's Supermarket to the Laurel Grocery Family! Wyatt's is a second-generation family-owned supermarket that has thrived and survived all the changes in the retail landscape and even a devastating flood over the past 70 years in this small, northern Kentucky town. For the past 40 years, Wyatt's has been a loyal Supervalu customer. However, due to some of the changes that recently occurred with purchase of Supervalu by UNFI Company, we were able to convince them that Laurel was a better fit for them.

If you talk to owner, Dixie (Wyatt) Owen, she will tell you how thrilled they are with the changeover to Laurel and how positively it has impacted her business. Her son, Craig, and Store Manager, Roger, are also very positive about the assistance that we have extended to them.

This store is 16,000 sq. ft. and features very strong Bakery-Deli and Meat Departments to help it compete with a very aggressive Dollar General Market located on the southern end of Falmouth.

We are excited to have Wyatt's as part of our customer group and we look forward to many years of serving this very successful IGA independent retailer.
